DETAILED ACTION

Allowable Subject Matter

1. Claims 1 – 35 are allowed.
2. The following is an examiner's statement of reasons for allowance: the prior art of record neither discloses nor fairly teaches the recited limitations of the claimed invention including, but not limited to: a central command station; at least one blasting machine generating a data package, receiving a command signal and comparing generated and received data packages; and an authorization key physically associable with the blasting machine.
3. This statement is not intended to necessarily state all the reasons for allowance or all the details why the claims are allowed and has not been written to specifically or impliedly state that all the reasons for allowance are set forth (MPEP 1302.14).

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
